- 2. In early August harbor construction work at Yulin under the supervision of Soviet and Chinese Communist technicians was almost completed. In the Heiao Tou Shan (姚頭山) area at the entrance to Yulin harbor there are 3 long range and 4 small calibre artillery pieces. A radar station is in operation at Yulin.
- 3. During July the Wenchou (120-38, 28-01) Commissioner's Office announced thatall privately owned motor junks in the Cenchou area that were in need of repair would have to be repaired by the owners as soon as possible. Failure to comply with the order within a reasonable time would result in commandeering of the junks by the Commissioner's Office. By 7 August 17 junks had been commandeered.
- Comment. According to information available to this office, 25X1A aerial reconnaissance of the Yulin area slowed no signs of unusual activity as of late June 1951.
